

THE KURITA WATER AND ENVIRONMENT FOUNDATION BUSINESS MATCHING WORKSHOP AND YOUNG RESEARCHER GRANT AWARDING CEREMONY

“Industrial Water Pollution Control and Business Opportunities in Vietnam”

Organizer: Institute of Environmental Science and Engineering (IESE),
National University of Civil Engineering (NUCE).
Date: 28th September 2019 Time: 13.30 – 18.45.
Venue: G3 Conference Hall, NUCE. No. 55 Giai Phong Road, Hanoi, Vietnam

Vietnam has recently emerged as one of the most active economies in the world. The country also is facing an increasing number of environmental pollution challenges including air, water, and solid waste. Major factors contributing to these problems include a high population growth rate, rapid urbanization, accelerating industrialization, weak law enforcement on environmental protection, and lack of awareness. The goal of the Kurita Water and Environment Foundation (KWEF) Research project on Industrial Water Pollution Control in River Basins is to contribute to the appropriate selection of countermeasures, technologies and so on for the sustainable water use in the development.

As one key activity in the framework of IFGTM and 30th years Anniversary of the Department of Environmental Engineering (DEE) and the Institute of Environmental Science and Engineering (IESE), NUCE, the KWEF Workshop organized on 28th September (pm) will be an occasion to spread out the project knowledge on Vietnam Industrial Pollution Control. The workshop also facilitate the networking in water industry, especially in water and wastewater treatment, water pollution control, with focus on business in water sector for urban areas and for selected industries. Japanese stakeholders will have chance to do marketing of their products and services, to learn about Vietnamese water market needs and from where Japanese and Vietnamese partners would find business opportunities in order to meet demand from Vietnam market in the field.

Furthermore, there will be a special session at the Workshop, where young researchers from Vietnam will be awarded with KWEF research grant for their successful application for conducting research on water-related projects in the period 2019 - 2020. The Kurita Asia Research Grant (KARG) has become a well-known research grant program for Japan, Vietnam and other countries: Thailand, Indonesia, Malaysia, etc. http://www.kwef.or.jp/orgp/orgp_vnm.html

On behalf of the Organizing committee, we are cordially inviting you as an interested water enterprise to join this special event in Hanoi.

Yours sincerely,

Nguyen Viet Anh, Prof. Dr.

IESE Director, KWEF Vietnam Project Manager

THE KURITA WATER AND ENVIRONMENT FOUNDATION BUSINESS MATCHING WORKSHOP AND YOUNG RESEARCHER SCHOLARSHIP AWARDING CEREMONY

"Industrial Water Pollution Control and Business Opportunities in Vietnam"

EXHIBITION

In order to promote business networking, the Exhibition of advanced and appropriate technologies in water & wastewater will be held at National University of Civil Engineering, on occasion of the 9th International Forum on Green Technology and Management (IFGTM), on 28th September 2019 (am + pm), and Ceremony of 30 years celebration of IESE and DEE, NUCE, 29th September (am). Interested companies, who wish to display your products and technologies, please contact us.

WORKSHOP AGENDA

Time	Activity	Speaker/Presenter/Remark
13:30-13:50	Opening speech	Representatives of IESE, NUCE
	Introduction of KWEF and KARG	Dr Masaaki WAKITA, Representatives of KWEF and KARG
13:50-14:10	Keynote speech: Lessons of Industrial wastewater pollution control from Japan	Prof. Hidenari YASUI, University of Kitakyushu, Japan
14:10-14:30	KWEF Vietnam Research project outcomes	Prof. Nguyen Viet Anh + Pls, IESE, NUCE
14:30-15:30	KARG Award Ceremony + Presentations	05 mins presentation from each awardee
		+ Award Certificate hand-over (by Prof. Kazuo YAMAMOTO as KWEF representative and Keynote speaker of IFGTM Plenary session)
15:30-16:00	Photo session and Tea/Coffee break	KWEF Vietnam Poster session
